Supporting your success

From pre-cabling to de-rigging, installing projectors to cutting pictures, and from rehearsals to 'pushing' slides – my diligent, professional approach will help you deliver flawless events.

An expert you can trust

I can work with anyone and often do so with agencies, facilities houses, venues, specialist equipment rental companies and production companies.

Working alongside your crew, I can offer specialist expertise for your project as:

- ⋮ a freelance PowerPoint graphics operator
- ⋮ a freelance vision technician
- ⋮ a freelance audio-visual technician

My approach

I'm passionate about what I do. I'm also proud to celebrate over 19 years in the industry, including over 11 years as a freelancer. My flexible approach and my track record of providing a trustworthy service are key to my success.

I provide a secure and confidential service and keep up to date with developments and industry standards. That means I'm an expert you can trust.

Location

I'm conveniently based near London Heathrow Airport and St. Pancras International station, only 30 minutes from central London and 15 minutes from the M25.
